## FINANCE AND TRADE.

FINANCE. OFFICE OF THE DATLY APPEAL. )
MEMPERS, October 20, 1885.

The money market was moderately active to-day, though offers of cotton bills were not as large as they would or the day more propitious. Some indl. Atkansas. cations of sellers giving way caused when the rain set in heavily and less was done than was anticipated. Rates of exchange are the same as yesterday, except | Steamer City of Cairo, St. Louis. in the case of offerings on Fall River. which is taken at | discount. We have

only a light demand to report and fair receipts of currency. Gold opened in New York to-day at 1371, and at noon had declined ic. We quote 135, buying. 13.1

In bonds or stocks there was little doing to-day. A sale of \$3000 City Bonds with their cabins full of people.

Capt. Dick Fowler returned yesterday Memphisand New Orleans Wednesday Packet Wilsonsample Green, Master City Serip is firm and tendency upwards. Buyers offered 77@78c to-day. Selling at 80@85c, as to amount.

County Warrants are firm. Buying at 60@62c; selling at \$2@65c. Police and School Scrip are firm and unchanged. shown why the National Bank interest

is so powerful in the present political contest, and how their capital might be profitably invested. We quote from the article:

The little steamer Brooks which recently such between Jacksonport and Augusta will no doubt be raised. Her article: Augusta will no doubt be raised. Her place was immediately filled by the Faire of the place was immediately filled by the Faire of the ry Queen, which had been laid up for wannesses was not a specific to the place was immediately filled by the Faire of the ry Queen, which had been laid up for wannesses.

country, while closely and fully discussing by Queen, we other tranches of the great financial questions, some time, are now almost as still as death about the monare now almost as still as death about the mon-strous swindle known as the National Bank system. I have recently made some calcula-tions als Atkinson, as to the amount of money that can be made out of it by the hankers. I have invested an imaginary capital of swoods of greenbacks in 5-20 bonds. I deposit those bonds in the Treasury Department, organize my bank and am furnished with an issue of \$250,000 is and am surmished with an issue of \$25,00 in the first surmished with an issue of \$25,00 in allowed \$1000 traveling money yearly, ner, and draw an issue of \$245,000 of national currency. I again with that amount buy other bonds, and deposit that same in the manner as the first, and draw an issue of \$18,700 of national currency. And so on until I have 2000 ustional currency left to operate my bank with besides, the deposits of customers. And baring only invested \$30,000 of greenbacks, I am yet the owner of \$5,54,44 of United Saturd. yet the owner of \$9,544,457 of United States 5-30 \$152,865 3%; and in greenbracks, at \$1.40, it be \$213,631 53 Remember, I have only \$300.000 ton gossip. of actual capital invested, and that in green-backs; and I draw an ennual interest on that will leave as usual on Thursday for Pine SILVER MOON..... investment of nearly School. I might still for-ther continue the salculation, until I had only sood left; and then I would draw an annual The Pauline Carroll, owing to the fog, \$5000 left; and then I would draw an annual interest on my \$300,000 capital of \$247,116. That s, nearly one HUNDRED PIECENT, on the capi-

their circular of the 14th, says: The South now requires a much larger relay circulation than at any previous period. The cotton crop is no longer raised upon credit and distributed in settlement of credits, without the intervention of meney. The crop of this year has been raised principally upon the planter's own means; and when he reall'res upon it, but will, for the most part, require cash in payment. The negroes are not, as formerly, fed and clothed with commodities obtained on credit clothed with commodities obtained on credit and ultimately paid for it convex; they receive and st. Louis. The splendid City of Alton, Capt. Bill Thompson, will be in port to leave this will leave the convex to the convex and st. Louis. The splendid City of Alton, Capt. Bill Thompson, will be in port to leave this converted to the convex of the convex o population of the North, are constantly circulating currency. This changed reasition of the supply of circulation at the South; and there are few local banks to supply it by their | for the Diamond Line, is use, the want must be met by drawing upon the circulation of other sections. It is impossion that the circulation of other sections. It is impossion to the circulation of other sections. It is impossion to the circulation of other sections. It is impossion to the circulation of other sections. It is impossion to the circulation of other sections. the circulation of other sections. It is impossible to note these fluctuations in the requirements for circulation without perceiving the evil of the restrictions upon bank issues impossible to the Memphis and St. as follows: practical inconveniences growing out of this imitation must carly elicit a public demand

Government gold by open tender was fairly to stocissful bids were for \$100,000 at 196 ( and \$100). out at 136-80. A noticeable feature of the tunders were their close relation to the selling prices of were inely close relation to the selling process of John Langlois well, John never will gold in the open market. The logoest quotaget fit. He has not the time. Shippers tions on Wednesday were 1805, and the highest must not forget the regular packet, and int ... This sympathy between the tenum and the market rates is rendered the more remarkable trong the obsides scalingency of flucturations it not exchange to a constitution of the const

a fair demand at the close. Sales 10,000 part of buyers to hold off, looking for Ing a wound that may cause her the nesellers to ease up in their views, but there was not much done and prices were if anything ic under the quotations of yesterday. Among the sales were 37 bales Good Ordinary at 21 jc, 24 do. 213c, 15 at 21c; 50 LowiMiddlings at 22c, 50 at 22je, 40 at 22c, 10 at 22c, 88 at 22c, 90 at 22a; 50 Middlings at 221c, 150 at 221c, 50 at 221c; 19 Strict Middlings at 23c, 4 at 24c, 20 at 23 c, 55 at 28 c.
